

PIS End User Manual

Probation and Parole Information System

End-User Operating Guide

Prepared from the local website UI at <http://localhost/pis/>

Document Date: June 08, 2026

Table of Contents

- 1. Introduction
- 2. System Modules
- 3. Logging In
- 4. Dashboard and Navigation
- 5. Docketing
- 6. Docket Routing
- 7. Sent and Inbox
- 8. Fact Sheet
- 9. Forms
- 10. My Organization
- 11. Safe Editing, Deleting, and Troubleshooting

1. Introduction

This manual explains how end users operate the PIS website using the screens available to the signed-in test account. It follows the live website labels, buttons, tables, and dialogs captured from the local PIS deployment.

Role access: Screens and modules may vary by user role. If a menu item is not visible, contact the system administrator to confirm permissions.

Screenshot indicators: Screenshots include red boxes and arrows labeled Click to show the button or control the user should select for the step being described.

2. System Modules

Module	Purpose
Dashboard	Landing page and account entry point after login.
Docketing - Probation	Investigation, Courtesy Investigation, Supervision, and Courtesy Supervision docket lists.
Docketing - Parole and Pardon	Investigation, Courtesy Investigation, Supervision, and Courtesy Supervision docket lists.
Docket Routing	Probation, Pre-Parole, Parole, Pardone, and PDL routing queues.
Sent	Outgoing queues for Probation, Pre-Parole, Parole, Pardone, and PDL.
Inbox	Incoming queues for Probation, Pre-Parole, Parole, Pardone, and PDL.
Fact Sheet	Client fact sheet lists for Probation, Parole and Pardone, and PDL.
Forms	Form list and form upload/add workflow.
My Organization	User Accounts, User Roles, Field Office, Region, and Permission management.

3. Logging In

1. Open <http://localhost/pis/> in a supported browser.
2. Enter the account username in the Email address field.
3. Enter the password in the password field shown as *********.
4. Click SIGN IN.
5. Wait for the website to open the first permitted page.

Login page

4. Dashboard and Navigation

6. After login, open Dashboard from the sidebar when it is available to the user role.

Dashboard - list page

7. Use the left sidebar to move between Docketing, Docket Routing, Fact Sheet, Forms, and My Organization.
8. Click a menu group such as Probation, Sent, Inbox, Fact Sheet, or My Organization to expand its submenu.
9. Click the target module name exactly as shown in the menu.

64. From the left menu, open the module labeled Probation Courtesy Supervision.

65. Use the visible field(s) tblCourtesySupervisionDockets_length, Search docket / name to search, filter, or enter required information.
66. Click Run search to apply the search values shown on the page.

The screenshot displays the PPIS (Probation Processing Information System) interface. On the left is a dark sidebar with navigation menus: DOCKETING (Probation, Investigation, Courtesy Investigation, Supervision, Courtesy Supervision), DOCKET ROUTING (PDL Routing, Sent, Inbox), FACT SHEET (Fact Sheet), FORMS (Forms), and MANAGEMENT (My Organization). The main content area is titled 'Dashboard / Docket / Courtesy Supervision Docket List'. It features a 'Show 10 entries' dropdown and a search bar labeled 'Search: Search docket / name'. Below this is a table titled 'Courtesy Supervision Docket List' with columns: #, Docket Number, Date Completed and Returned, Name, and Criminal Case No. The table contains three rows of data. To the right of the table, a red box labeled 'Click' with an arrow points to the 'View' button in the Actions column for the first row. Another red box labeled 'Click' with an arrow points to the 'View' button for the second row. A third red box labeled 'Click' with an arrow points to the 'View' button for the third row. At the bottom of the table, it says 'Showing 1 to 3 of 3 entries' and has 'Previous', '1', and 'Next' pagination links.

Permission - Add record

11. Safe Editing, Deleting, and Troubleshooting

- Use View when the task is only to inspect record details.
- Use Update only when authorized to revise the selected record, then click Confirm after checking the fields.
- Use Attachments to upload, view, download, or delete supporting files tied to the selected docket or client.
- Use Remove only for records approved for deletion. For training, use sample/test records and stop at Cancel unless deletion is required.
- If a table looks empty, clear the search value, click Run search again, or confirm that the user account has access to the relevant field office.
- If a menu is missing, contact the administrator to check User Roles and Permission settings.

Screenshot folder: The annotated screenshot set used for this manual is stored in the PIS_End_User_Manual_Screenshots_Annotated folder beside this document.
